DETERGENTE DESINFECTANTE DE INSTRUMENTAL MEDICO MEDICALINE	C02414S	12 X 1L	2539095P3

Madam, Sir,

We have been informed by the Spanish Health Authorities, Agencia Española de Medicamentos y Productos Sanitarios (AEMPS), that the batch of raw material chlorhexidine digluconate used in the manufacturing of the above batches of finished goods have been identified as contaminated by a Gram negativ bacteria compatible with Enterobacteria.

Although all batches of the above mentioned products passed the quality and microbiological release tests at the manufacturing site at D.M.D., AEMPS requested for the recall of these batches of products marketed in Spain.

In consequence, we ask that you stop immediately using the recalled products that you may have in stock, to block and isolate these products. In addition, we need you to inform immediately your end customers and ask them to notify you of the quantities they have in stock. You will be required to collect the completed response form (Annex I) from your customers and share a consolidated form with us of all the products you have recalled to the following e-mail address: [Vigilance@anios.com](mailto:Vigilance@anios.com). Any quantity declared can be subject of verification.

Please acknowledge receipt of this communication by returning at your earliest convenience - but no later than 23/06/2020 - the completed and signed reply form.

Your D.M.D. representative will contact you to discuss the return of the recalled product you have in stock.

We remain at your entire disposal for any question or assistance that you may need.

The undersigns confirm that this notice has been reported to the appropriate Regulatory Agency.

Please accept our apologies for the inconvenience it may have caused.

Yours faithfully

Marc Grenier <i>Quality Manager</i>	Dr Monique Manche <i>Materiovigilance Contact Person</i>	Pierre-Marie Marcelet <i>President</i>
		

This notice needs to be passed on all those who need to be aware within your organization or to any organization where the potentially affected devices have been transferred.

This means, if you are a distributor, that this information has to be forwarded to any customers which was delivered with one of the affected batches.

Please maintain awareness on this notice and resulting action for an appropriate period to ensure effectiveness of the corrective action.
